P.S. You can Niche down even further by specifically targeting various demographics: a specific age, location, nationality, profession, gender, religion, language (if you speak another language) or any other specifier.

P.S.S If you just pick one at random, there is no guarantee that it will be a good fit FOR YOU. And, ultimately identifying and working with your strengths, your skills, and your zone of genius makes things your business grow FASTER .

P.S.S.S Don't forget what they say: "The Riches are in the Niches"
